

To the members of the European Sport Economics Association

The main activity of the Association is its yearly conference. That should be an open and safe experience for all participants, from all over the world. Due to the corona pandemic, the board of the Association feels it cannot guarantee such an experience. In consultation with the local organizers in Helsinki, we have decided to postpone this year's ESEA conference. The conference will not be replaced by an online conference, but will be hosted in Helsinki on 25-27 August 2021. The future conferences in Dublin and Rotterdam have also been pushed back by one year. They will be hosted by these locations in 2022 and 2023, respectively.

We want to thank the local organizers in Helsinki for the pleasant collaboration so far and the flexibility of all conference organizers in moving the conferences by one year.

Best wishes and stay healthy!

The Board of the European Sport Economics Association,

Ruud Koning (President)
Pamela Wicker (Vice President)
Christian Deutscher (General Secretary)
Arne Feddersen (IJSF Editor in Chief)
Svenja Feiler (Ph.D. Student Representative)
Katrin Scharfenkamp (Youth Development Officer)
